Presents

DR. ELYANNE FERRER

Veterinarian

PERSONAL PROFILE

Dr. Elyanne Ferrer was born and raised in Puerto Rico. She graduated from The University of Puerto Rico, Mayagüez Campus in Animal Science. She then completed her veterinary degree at the Royal (Dick) School of Veterinary Studies as part of the University of Edinburgh.

In her final year of rotations, Dr. Ferrer did a two-week internship in small ruminant production in Albacete, Spain and a one-week spay and neuter clinic with dogs and cats in Malaga, Spain.

During veterinary school years, she was part of the women's soccer team and the Edinburgh Farm Animal Veterinary Society.

Dr. Ferrer is passionate about small ruminants but extremely excited to work with all animals.

In her free time, Dr. Ferrer can be found enjoying or watching a game of tennis, playing the piano, attending concerts and finding new adventures. She moved to California, chasing the sun and is looking forward to an amazing career as a veterinarian.
